

# Five Finger Death Punch, Welcome To The Circus

Welcome to the circus

Welcome to the shit show  
Just another freak show  
Hang your hat and hate at the door  
It's a game of torture  
Souls are made to order  
Everything you wanted and more

You've gotta kill somebody to thrill somebody  
Everybody's gotta reason to bleed  
You've gotta fuck somebody to know somebody  
That motherfucker ain't me

Am I the only one  
That doesn't buy into the lies?  
Am I the only one  
That doesn't wear a disguise?  
'Cause if I can't break it  
And I can't change it  
Then tell me, how will I know? Tell me, how will I?  
Am I the only one  
That isn't just here for the show?  
Welcome to the circus

Grab your favorite stones  
They came for broken bones  
That's what happens when you sign on the line  
There's no need for excuses  
Everybody loses  
Only way you'll ever win is to die

You've gotta burn somebody to learn somebody  
Everybody's got a Jekyll and Hyde  
You gotta curse somebody to hurt somebody  
Everybody needs a reason to die

Am I the only one  
That doesn't buy into the lies?  
Am I the only one  
That doesn't wear a disguise?  
'Cause if I can't break it  
And I can't change it  
Then tell me, how will I know? Tell me, how will I?  
Am I the only one  
That isn't just here for the show?  
Welcome to the circus

You gotta hide your face  
(Sell them what they bought 'cha)  
(Teach them what they taught 'cha)  
You gotta hide your veins  
(This is how they gut 'cha)  
(Right before they cut ya)  
You gotta hide your pain  
(Ugly how they rule you)  
(That's just how they screw you)  
You gotta hide your rage  
(Everyone has earned this)  
(Welcome to the circus)

Tickey, tickey, tasket  
Time to burn the casket  
Time to burn this motherfucker down

Am I the only one  
That doesn't buy into the lies?  
Am I the only one  
That doesn't wear a disguise? Doesn't wear a disguise  
'Cause if I can't break it  
And I can't change it  
Then tell me, how will I know? Tell me, how will I?  
Am I the only one  
That isn't just here for the show? Not just here for the-

Am I  
Tell me, how will I know? Tell me, how will I?  
Am I the only one  
That isn't just here for the show?  
Welcome to the circus
