

# Five for Fighting, Garden

Do you believe in the man in the garden  
Do you believe that he was there  
Do you believe in the man in the garden  
Do you believe or do you care

Did he rise from the ashes and lead the sky above  
Did he lie in the name of love

...in the garden

Do you believe in the path that you follow  
Do you believe it takes you where you want  
Do you believe in the lies that you swallow  
Do you believe it takes you where you go

See the man. he never lies he never will

Did he fight for the right to kill

...in the garden  
...in the garden

There's a little man in a house alone...waiting  
He doesn't lie.  
He doesn't wait for love to hold on to  
He doesn't lie. he doesn't wait...

Johnny's in the garden  
I see the err in my ways

...in the garden

Do you believe in the man in the garden
