

FKA twigs, holy terrain (feat. Future)

you, pluto

lemme do my dance in this bitch
don't get case closed
made a hunnid bands off the brick
made a hunnid bands of fthe brick
pure yoyo
send my girl to church with some drug money
told her pay for collage
they be..

day one,
take me to my favorite show
day to
hold my hand and pull me close
next to my, kiss my chick
just one day, yes

day three
take me to the deep river
steal a kiss when I am lost in the mist

will you still be there for me
once I am yours to obtain
once my frutits are for taking
and you flow through my veins?
do you still think I'm beautiful
when my tears fall like rein?
my love is so beautiful
for a man, who is true to m

for a man who can follow his heart
not get bound by this boys and his chains
for a man who can follow his heart
and stand up in my holy terrain
I try /4x
for you

I am blue when the moon hits my skin right
hot pink when you open up my sweet things
pull you in, and your life can begin
cause it's easily days

will you still be there for me
once I am yours to obtain
once my frutits are for taking
and you flow through my veins?
do you still think I'm beautiful
when my tears fall like rein?
my love is so beautiful

for a man who can follow his heart
not get bound by this boys and his chains
I try /4x
for you
for a man who can follow his heart
and stand up in my holy terrain
I try /4x
for you

throw loads of gold on you just to fall asleep
I hope you never ytake my love, in vein
through the thunder
through the window I see rain

water this garden
paly with snakes in Balmain
Making you fall apart
watch me drown in my pain
I feed you poison, forever my lady
throw loads of gold on you just to fall asleep
pray for my sins
make stronger where I am weaker
we die
we die together
the prophecy complete
we getting high
we touch the sky until we deceased
and if you pray for me
I know you play for keeps
calling my name /2x
taking the feeling of Promethazine away
take it!

for a man who can follow his heart
not get bound by this boys and his chains
I try /4x
for you
for a man who can follow his heart
and stand up in my holy terrain
I try /4x
for you
