

FKA twigs, Water Me

He won't make love to me now
Not now I've set the fee
He said it's too much in pounds
I guess I'm stuck with me
He told me I was so small
I told him water me
I promise I can grow tall
When making love is free
I, I, I, I, I

He won't make love to me now
Not now I've set the fee
He said it's too much in pounds
I guess I'm stuck with me
He told me I was so small
I told him water me
