

# Flashguns, Good Witch Bad Witch

I break like somethings special - I wont say it again,  
I make for new suit on and I wont say it again no,  
I see a sudden fortune - they call radford,  
To not be everything to all but nothing has to go,

I'm the good and the bad and the beautiful,  
I'll be the mad and the bad and the dangerous and oh,  
I'm the skin and bones in which you have,  
I'll be the good witch and the bad,  
woah woah woahaoho woahaohaaa,

The antic kind of raises and such a dancing cock,  
The city calls and plays with pure,  
My fortunes there and I've been told,  
My fortunes there and I've been told,  
and so there I go,

I'm the good and the bad and the beautiful,  
I'll be the mad and the bad and the dangerous and oh,  
I'm the skin and bones in which you have,  
I'll be the good witch and the bad,  
woah woah woahaoho woahaohaaa,

I love you with all my heart,  
Because you wouldn't see me die by your hand, x 3

I love you with all my heart oh
