

Flashguns, Humans

Utter most foul,
Come here tonight,
So my love feels ohohoh,
Try as I might,
Human oh,
Murder will bow,

Add upon,
No I dated from the strand,
My hands by the fire,
Put in the hand,
You've seen me cry oh,

Come to find,
Raw burns me,
To be the man,
That you were meant to be,
You've seen me cry,

Come to each other,
In broken cover,
But you wearn't my lover,
Oh in almost wicket steel,

Human oh Robot,

Add upon,
No I dated from the strand,
My hands by the fire,
Put in my hand,
You've seen me cry oh,

Come to find,
Raw burns me,
To be the man,
That you want me to be,
You've seen me cry,

Oh I but man who goes by an awkward airs ohahohohoh,
And I love it when with weary of love so soft,
Let me cry,
I love it when oh weary of love so,
I love it when oh weary of love so soft,

and I truely deserve,
I truely deserve it ohahoh,
You'll be drowning in life,
With new life experience x 2
