

Flashguns, Locarno

I never understood when the war was won,
The luck I never had at the barrel of a gun,
I had to fill up to the fight,
Red sky at night,

waohahohah waohohoh,
The love you'll know ahohohoh,

Never understood why the war was won,
The luck I never had at the barrel of a gun,
I had to fess up to the fight,
Red sky at night,

waohahohah waohohoh,
The love you'll know ahohohoh x 3
