

Flatt And Scruggs, When The Angels Carry Me Home

I fly away to heaven and i want to be called when the angels carry me home

I want to see Jesus first of all when the angels carry me home

When the angels carry me home when the angels carry me home

I want to see Jesus first of all when the angels carry me home

[dobro]

No more sorrow and no more pain when the angels carry me home

I ride that heavenly glorious train when the angels carry me home

When the angels...

[banjo]

I walk Thy highway leading to heaven when the angels carry me home

I see Jesus waiting for me in heaven when the angels carry me home

When the angels...
