

# Flatt And Scruggs, You Can Feel It In Your Soul

When you go to church on Sunday and leave your Saviour out  
You feel like you're alone when you all begin to shout  
When you get that old time religion you want the world to know  
(But you won't have ask nobody) you can feel it in your soul  
You can feel it in your soul that you want the world to know  
(But you won't have ask nobody) you can feel it in your soul

Some people ask the neighbors about the ways of sin  
And what they have to do for Christ to live within  
But let me tell you brother one thing you should know  
(And you won't have ask nobody) you can feel it in your soul  
You can feel it in your soul...

If you haven't got time religion and don't know what to do  
You better take up the Bible and lead the pages through  
It tell you any word of things you want to know  
(And you won't have ask your neighbors) you can feel it in your soul  
You can feel it in your soul...
