

# FLAVA & STEVENSON, Good Time (feat. FreeG)

Get all my friends I don't leave  
With every single beat, yeah  
We don't have to cry, we have a good time  
Put your hands up, now put your hands up  
we have a good time  
Put your hands up, now put your hands up  
Yeah, oh, we have a good time

Get all my friends I don't leave  
With every single beat, yeah  
We don't have to cry, we have a good time  
Come and dance with me,  
Put your hands up in the breeze  
We don't have to cry, we have a good time  
Oh, oh, oh, oh, yeah  
We don't have to cry, we have a good time  
Oh, oh, oh, oh, yeah  
We don't have to cry, we have a good time

We just hanging around, drinkin, chillin,  
Listenin to sound, round and round  
And all we found  
Is just a feeling, all for hard town  
So leave to the things she love  
Nobody knows you better  
Can you do, squeeze baby don't be shy  
We have a good time  
Now it's time the good time  
Go get a friend and just feel fine  
Forget your sorrows all the haters  
They only know that you've been greater  
And if you see this happy sign  
Just leave the world behind you  
And I promise you forever  
That you will smile like mike can do

Get all my friends I don't leave  
With every single beat, yeah  
We don't have to cry, we have a good time  
Come and dance with me,  
Put your hands up in the breeze  
We don't have to cry, we have a good time  
Oh, oh, oh, oh, yeah  
We don't have to cry, we have a good time  
Oh, oh, oh, oh, yeah  
We don't have to cry, we have a good time.
