

Flesh Field, Animal

Feel the rage, the fascination.
Feel the hate, and the retaliation.
Hide away in your lies.
A necessary evil to silence your cries.
Born a beast, a sinful thing.
Born an angel with broken wings.
Live in fear.
Live in hate.
Live in agony.
This is your fate.

The ignorance of the masses
Is the law of the land.
You'll die by its hand.
Feel the rage of innocence inside.

Innocence.
Sustenance.
Innocence.
Ignorance.
Animal.

A man condemned for his way of life.
A man condemned for nothing.
A man who stood up tall, who tried to fight.
Hypocrisy of human law is evident,
As time has told.
A fear of all that we don't know or love.

The animal breaks out from its cage.
The animal has never known such rage.
The animal has never known the thrill.
The animal has never had to kill.
