

Flesh Field, The Plague

I am the future of man.
I am the plague.
I am the Armageddon.
I am man's darkest day.
Feel the wrath of my power.
Feel the sting of my breath.
You'll find me in your darkest hour.
I am your death.
I am the hate of the gods.
I am the pain you knew.
I am your punishment.
I am the end of you.

A world reborn in blood,
A world destroyed by its only son,
A world infected by man.
I won't spare anyone.

I am the master.
You are my slave,
Forced to do my bidding
For the rest of your days.
I am the end of mankind.
I am infinity.
I am the ruler of all
In my divinity.
