Ake up, wake up, hope that he saved a place in heaven, so i pray every day for my soul he take up.

Gettin?my hustle in every day. each day, when i would get on my knees and pray. everyday faced with all kinda playa hation. why they wanna make my sanity tighten. pray, hey, hey, hey, and i got  
Atiful family. a lovely wife, and my little pretty daughter, and i got two sons, handsome just like me. so i count blessing, after each blessing, every last blessing i learned a lesson. i didn't  
Ize my blessings keep me from stressin? jesus came, and died on the cross to save us from our sins, our sins.

The kingdom of heaven's at hand, how much to repent to get in. again and again i'm sendin?my praises up above. and i don't know when i'm entertainin?angels, so i gotta show more love. gotta hono  
Mother and father with all my heart. my little brothers steven and stewart, we don't let demons break us apart. yeah, you know that's a no-no for sure. i can put it on my soul. i can even put it  
Ode, and run the little seconds down the road, i'm ready to go. steady rollin?  
leavin?these strangers. if the whole world would end tomorrow, tomorrow just might be the end, so wait for the lord

Nt when the lid pop. when it goes down, don't be sleepin? cause it'll creep on us, send a thief in the night. watch out, wake up, stay woke, and gather more faith in jesus, lead us. get ready to  
He will of god so that he can keep us from the wrath of firey brimstones. stay strong and hold onto your faith, and it won't greet you, yet meet you, deciet you. we're leadin?and walkin?through  
N's gates.
