

# Fleshcrawl, Subordinate

Intimidate - By the power of darkness  
Crushing fate - I'll give you the last bless  
I control your hate - Only fear will remain  
Subordinate - Cause I'll bring you pain

Captured and lost - In your own maze  
Influenced by your - Devilish race  
Take a final breath - In this world  
Have a nice trip - Into the pit

Trust in me i lead you forth to independency  
No remorse for the way i chose no mercy for my foes  
I'll bring you down to the deepest ground the last to be found  
Finally in the end of time you will be one of mine

Prepare to cross the line of death  
A realm beyond where you're to rest  
To the gates you step as they open wide  
You can see the fire burning bright
