

Flirts, Jukebox (Don't Put Another Dime)

So I saw you in the pizza place
You were with another girl
It was a crime it was such a disgrace
You really shattered my world

Little things remind me of you
Cheap cologne and that damn song too

Don't put another dime in the jukebox
I don't wanna hear that song no more
Don't put another dime in the jukebox
I don't wanna hear that song no more

Then I learned the treacherous end
You were with my best friend
Ain't got no class ain't got no respect
My broken heart will never mend

Little things remind me of you
Cheap cologne and that damn song too

Don't put another dime in the jukebox
I don't wanna hear that song no more
Don't put another dime in the jukebox
I don't wanna hear that song no more

Don't wanna hear that song no more No! No!
Don't wanna hear that song no more
Don't wanna hear that song no more No! No!
Don't wanna hear that song!

Don't wanna hear that song no more No! No!
Don't wanna hear that song no more

Don't put another dime in the jukebox
I don't wanna hear that song no more
Don't put another dime in the jukebox
I don't wanna hear that song no more

Then I learned the treacherous end
You were with my best friend
Ain't got no class ain't got no respect
My broken heart will never mend

Little things remind me of you
Cheap cologne and that damn song too

Don't put another dime in the jukebox
I don't wanna hear that song no more
Don't put another dime in the jukebox
I don't wanna hear that song no more

Don't wanna hear that song no more No! No!
Don't wanna hear that song no more
Don't wanna hear that song no more No! No!
Don't wanna hear that song!

Don't wanna hear that song no more No! No!
Don't wanna hear that song no more

Don't put another dime in the jukebox
I don't wanna hear that song no more
Don't put another dime in the jukebox
I don't wanna hear that song no more

Don't put another dime in the jukebox
I don't wanna hear that song no more
Don't put another dime in the jukebox
I don't wanna hear that song no more

(Fade)

Don't put another dime in the jukebox
I don't wanna hear that song no more
Don't put another dime in the jukebox
I don't wanna hear that song no more
