V1Rumor has it that she got a good job
Works six days a week gives the seventh to God
Always carves time out for her Mom That doesn't mean she don't wanna have fun
She and her friends they been planning for months

Counting down days for the party to come Made up her mind she gon' do what she want

She been practicing
Mirror poses
Her body work
Miracles
Face card good
But no camera phones
Tonight

I heard last night in a conversation
Good girls they all trying to get to heaven
So I asked if so why they misbehaving
Cause bad girls are just good girls on vacation I heard (Wooo)
I Heard (Wooo)

Jennifer Keisha Rebecca and Jane
From all different cities with all different names
But when they party it's all the same way
They say sorry not sorry no faces no cases
Not tonight
Wear that little red dress out the house tonight
Couple lemon drop shots set it off tonight
Don't got no plans to stop tonight, No
