

# Floetry, Superstar

Common: Yeah..

Natalie: This is a message from the mother

Common: Let's go girl

Natalie: She told me to tell my brother she loves ya  
And I do too

Common: Yes Yes

Natalie: 'cause you're my supastar..You are

Marsha:

It's a pretty day let's go outside and enjoy it  
If you got something else in mind  
Then I'm all for it  
I will take the chance  
I will take your hand  
Then we'll go there  
Go there

Love isn't something that you earn  
It's deserved  
Love is something I can give  
'cause I'm worth it  
You amaze me  
I am taken in  
You're so lovely  
(I can)

Chorus

I can see you (I can see you baby)  
Tell me what you wanna do (what you wanna do)  
I know who you are  
You're my supastar (supastar)

I can see you (see you)  
Tell me what you wanna do (wanna do)  
I know who you are  
You're my supastar

Common:

My man said heaven is a day away  
If in the present  
You loving in a braver way  
I wear the aura of a king  
And dream of a love supreme  
As a child I was told that  
My love is king  
Seeing what it can bring to the lives of those  
That ain't afraid to give with their souls exposed  
Golden rose  
You color my reality with balladry  
Allowing me to me to love like a child that's free  
I'm proud to be your supastar

Marsha:

My love is honest and true  
And I can prove it babe  
My love is everything to you  
If you choose it babe  
You're amazing

I m so taken in  
You're so lovely  
I can

Chorus

I can see you (see you)  
Tell me what you wanna do (wanna do)  
I know who you are  
You're my supastar

I can see you (see you)  
Tell me what you wanna do (wanna do)  
I know who you are  
You're my supastar

Natalie:  
You know I liked him so much  
That it turned into loving  
Then the love back to like  
Now I feel like I'm bursting  
More nurse than my name em  
So full of potential  
He stands tall  
I feel its internal  
Fine like the earth and the sea and the sky  
Together we make stars  
We are truly fly  
I wanna paint him  
Take a picture of his soul  
His story should be told

See he's like everything I dreamed of  
But better than the preview  
Now everything he working on  
Has got me saying me too  
Like he food that I need  
Blood 'cause he bleed  
He real 'cause I see  
It's all meant to be  
Remember how to make believe  
Yo these brothers are your enemy  
You're in a state of disbelief  
Without your heart you'll never be  
So sister's sing along with me  
Because your love is true

Chorus

I can see you (see you)  
Tell me what you wanna do (wanna do)  
I know who you are  
You're my supastar

I can see you (see you)  
Tell me what you wanna do (wanna do)  
I know who you are  
You're my supastar

My love is honest is true and I can prove it babe  
(Prove it babe I can prove my love to you)

My love is honest and true and I can prove it babe  
(Whoo hool can prove my love yeah hey)
