

Floor Jansen, My Paragon

One day I will be, oh oh
One day I will reach it all
One day is a dream, oh oh
But one day is today
I'm already there

Every day is a chance, oh oh
Life is like a wicked dance
Every day is yours, oh oh
Always wanting 'more's'
I'm already there

Look at me now
My paragon
Oh, my dream is now
My paragon

Hold on to your dreams
Hold on to yourself
Hold on to what you've become
Look up: you are here!
Look up to yourself
You are your paragon

Today I can be, oh oh
Today I have reached it all
Today is my dream, oh oh
The center of my life
I'm already there

Look at me now
My paragon
Oh, my dream is now
My paragon

Hold on to your dreams
Hold on to yourself
Hold on to what you've become
Look up: you are here!
Look up to yourself
You are your paragon

See it as it is
See it as it is
See it as it is
See it as it is

Look at me now
My paragon
Oh, my dream is now
My paragon

Hold on to your dreams
Hold on to yourself
Hold on to what you've become
Look up: you are here!
Look up to yourself
You are your paragon
