

# Fluffy, Nothing

I've set my house on fire  
I've gone out in drag  
And I've split the atom  
I've crashed the hardest diamond  
I've drunk the deepest sea  
I've rocketed to Uranus

Chorus

And now there's  
Nothing anymore  
Nothing makes me  
Happy anymore  
Nothing x 6  
Makes me happy anymore

I ate my bed and breakfast  
I've turned my red cells blue  
And I've chilled the Arctic  
I've jumped off a building  
And I've flown home  
I ran away to Mexico

Chorus
