

Fly To The Sky, Old Skool Love

This night, this night that everyone is sleeping, I am in front of your house.
Don't worry. There's nothing that I wish from you.
Just feel me.

Oh baby, Won't you be mine
Inside my burning heart, everything is filled with you
Oh baby, Looking so hot
Until dawn I'm inside your dreams.
I want to give you the whole world.
With my own body I'll love you.
All you have to do is be by my side.
I like you to where I think I might go insane.
Enough to go to the ends of the universe with you. Come on, Let's Boogie.
You're appearance. Oh, no! It's so charming.
With a fitting mini skirt and your hanging long hair.
Can you feel me, can you feel me yeah
It's enough to catch me.

Oh baby, Won't you be mine
A feeling like a wave pushing into my small ocean.
Oh baby, Looking so hot
Until this night turns to dawn, we'll dance together.
I want to give you the whole world.
With my own body I'll love you.
All you have to do is be by my side.
I like you to where I think I might go insane.
Enough to go to the ends of the universe with you. Come on, Let's Boogie.
Until how long are you going to make me anxious?
Look at how I'm becoming jittery
Wait, I'm ready. Your heart is mine.
Don't think about running away.

I like that! I like that! I really want you baby
I like that! I like that! Oh won't you be my lady
Oh baby, Won't you be mine
Just throw yourself at my heart Oh baby tonight
Oh baby, Looking so hot
Until the day I die I'll love only you.
I want to give you the whole world.
With my own body I'll love you.
All you have to do is be by my side.
I like you to where I think I might go insane.
Enough to go to the ends of the universe with you. Come on, Let's Boogie.
