

FM3, Whole Man

Come down Lord make me complete I lay all I have at your feet
I just want to come around from being half a man
Light a candle in my soul shine it being make me whole
Take me now rattle my heart break me up spin me around
Ther I was thirsty and dry You gave me water made me fly
For in You I am complete and in You I am free
Come down Lord show me your will my cup is there for You to fill
You are Faithful all the time now I'm held You are mine
I acknowledge all Your ways I'll always sing Your praise
Help me Lord, as I stand complete in me the whole man
