

# Fokofpolisiekar, Tygerberg Vliegtuig

As 'n vliegtuig sou kon val bo-op Tygerberg vanaand  
Sou ek al my voornemings oorweeg  
Dit is makliker om in te gee  
Voor die tradisiemasjien jou kom haal

Dis die gevoel van "iets moet breek";  
Dis die ingeboude vrees  
Ek's gebore met drie sesse op my kop getattoer  
Ek probeer net vasklou aan wie ek is  
Ek probeer net vasklou aan wie ek is  
Dis op die TV en dis in my brein  
Dis aaklig om te sien hoe  
Die skaap-mentaliteit ons kry  
Ons almal werk saam aan Afrikaans-amerika  
Algemene denkdisfunksie  
Lees net mooi en volg dan

Al die instruksies wat hul vir ons gee  
Werk, trou en kinders kry  
En moontlik dan aan depressie ly  
Iemand moet vra hoekom  
Iemand moet vra hoekom

Ons almal vrek alleen  
Ons almal vrek alleen  
Ons almal vrek alleen  
Ek probeer net vasklou aan wie ek is  
Ek probeer net vasklou aan wie ek is

&lt;/lyrics>  
If an airplane could fall onto Tygerberg tonight  
I would reconsider all my intentions  
It's easier to give in  
Before the machine of tradition comes to get you

It's the feeling of "something has to break";  
It's the built-in fear  
I was born with three sixes tattooed onto my forehead  
I am only trying to hold onto who I am  
I am only trying to hold onto who I am  
It's on the TV and it's in my brain  
It's awful to see how  
The sheep-mentality is taking us over  
We are all working together on Afrikaans-amerika  
General thought-dysfunction  
Just read it properly and follow

All the instructions they give us  
Work, marry and have children  
And then should I suffer from depression?  
Someone has to ask why  
Someone has to ask why

We all die alone  
We all die alone  
We all die alone  
I am only trying to hold onto who I am  
I am only trying to hold onto who I am
