

Foo Fighters, Summer's End

Early morning, without warning
Woke me with a scare
I had that dream again
That the Sun was dead

Make me warm or take me home
It's so cold in here
Can't we meet somewhere?
Is it winter there?
Is it winter there?
This winter

Meet me in the summertime
We can move the air
Sweet Virginia countryside
I will meet you there
Blood and lips and cherry wine
Moonshine in your hair
Just keep staring at the Sun
Pray for summer's end

Come on over, brave my storm
Ocean's overhead
Come inside, my friend
Getting bad out there

Every moment, we have stolen
All we had to share
No one wanted them
But you know I did
You know I did
This moment

Meet me in the summertime
We can move the air
Sweet Virginia countryside
I will meet you there
Blood and lips and cherry wine
Moonshine in your hair
Just keep staring at the Sun
Pray for summer's end

Meet me in the summertime
We can move the air
Sweet Virginia countryside
I will meet you there
Blood and lips and cherry wine
Moonshine in your hair
Just keep staring at the Sun
Pray for summer's end

Meet me in the summertime
We can move the air
Meet me in the summertime
I will meet you there.
