

# Foo Fighters, The Deepest Blues Are Black

Shame on you  
Seducing everyone  
Faded you  
Your diamond in the rough

You don't have to tell me  
I know where you've been  
Shining once again

Will you do  
The thing you've always done  
Tell me true  
I think you know the one

One that makes me blurry  
Colors start to run

Everytime I wonder  
I go under

The deeper the blues  
The more I see black  
Sweeter the brew the feeling starts coming back  
All the deepest blues are black

How my mind is spinning  
And my head is going numb  
Right from the beginning  
Our ending had begun  
I can be your trouble  
Shiver into you  
Shaking like the thunder  
Sinking under

The deeper the blues, the more I see black  
The sweeter the bruise, the feeling starts coming back  
All the deepest blues are black

When it comes closing in  
Reject  
Cause I gotta move  
And the simple things get in the openings  
Connect  
Become something new  
To remove

The deeper the blues, the more I see black  
The sweeter the bruise, the feeling starts coming back  
All the deepest blues are black
