

Fool's Garden, You're Not Forgotten

(Hinkel)

Show me the way to the mountains
Follow the road where I once have lost my way
To the mountains

Show me the way to the valleys
Back to the place where my memories once have died
To the valleys

Follow the path to the graveyard
Silently winding through the veils of wasted time
To the graveyard

Show me the way to the fields of pain
Coming to terms with the past and what remains
You're not forgotten

You're in my mind
Still in my mind
