Footloose, Never

I feel your heart It's beating time with mine But love love love is on the line

He hold you down But I know you want to run You're hot hot loaded like a gun

Oh you feel so trapped and confused Start with nothing and you've got nothing to love

(Chorus) You can NEVER never never ever hide your heart Don't you ever ever ever ever try it If you don't give your heart wings you'll NEVER never never ever fly

Break down the walls You've got to cut the ties There's pain pain burning in your eyes

It's time to fight It's time for tearing free Oh come come running straight to me

Oh you know he don't love you like i do Don't make believe that you don't feel it too

(Chorus)
