

For Felix, Relaxed

She says I think with my dick
and thats alright cause I do
And I know that's fucking sick
but I'm not like her
She just too damn mature
and I just want liquor
She needs to relax life's too short to waste on shit like that
Although she may disagree I really think that she should
Go cheerlead and party I always tell her
She needs to loosen up put on some slut makeup
Use the short time
Being a little sleazy ain't a crime
