Foreigner, Feels Like The First Time (2008 Rema

I would climb any mountain Sail across the stormy sea If that's what it takes me, baby To show how much you mean to me

And I guess it's just the woman in you That brings out the man in me I know I can't help myself You're all in the world to me

It feels like the first time It feels like the very first time It feels like the first time It feels like the very first time

I have waited a lifetime Spent my time so foolishly But now that I've found you Together we'll make history

And I know it must be the woman in you That brings out the man in me I know I can't help myself You're all my eyes can see

And it feels like the first time Like it never did before Feels like the first time Like we've opened up the door Feels like the first time Like it never will again, never again

(It feels like the first time) It feels like the first time (It feels like the very first time) Talkin' 'bout it feels (It feels like the first time) Oh, it feels like the first time (It feels like the very first time)

Won't you open up the door?

It feels like the first time It feels like the very first time It feels like the first time It feels like the very first time

It feels like the first time It feels like the very first time
