

# Forever Slave, Reminiscences

And obedient to Commands  
thine eyes impose on me  
caressed by thine scathing hands  
I fall, one more, for thee  
In storm and in darkness  
I found delight... sentenced

Slave Forever  
entrallled by the dew of blood  
that comes out with every lash

Slave Forever  
I drown in this torture flood  
in this secret stash

I vanish, out of sight,  
into nothingness...  
I shall be thy slave forever
