

# ForeverDOWN, Just Follow Your Heart... That

For me I've always been one to fend for myself  
But you pretty girl, are another story  
Your caught up in the things that never really matter  
High school shouldn't be about the glamour and the glory

And I don't don't think you're reading me clearly  
When I say say that you, you've got a lot of growing up to do  
And growing up should not, not be quite as hard as you're make make make make making it  
And I don't think you know what you're getting into

Well see you you've always been one to stick with your friends  
You've taken in every word they say and you're putting it to use  
Well let me tell you something that actually matters  
The one thing you must do without them is, find truth

And I don't don't think you're reading me clearly  
When I say say that you you've got a lot of growing up to do  
And growing up should not not be quite as hard as you're make make make make making it  
And I don't think you know what you're getting into

And I don't don't think you're reading me clearly  
When I say say that you you've got a lot of growing up to do  
And growing up should not not be quite as hard as you're make make make make making it  
And I don't think you know what you're getting into

And I don't don't think you're reading me clearly  
When I say say that you, you've got a lot of growing up to do  
And growing up should not not be quite as hard as you're make make make make making it  
And I don't think you know what you're getting into

And I don't don't think you know what you're getting into
