Forgotten Rebels, Rich And Bored

Bored bored, rich and bored.

Bored bored bored, rich and bored.

Bored bored bored, rich and bored.

Bored bored bored, rich and bored.

Everything I own my old man bought for me. I got a brand new car and it's a limousine.

He bought me a home and gave me a colour T V

Look at me, baby, look at me. I am pure f**king bored and rich.

Daddy got me a job in a factory.

He bought me a pin-up girl straight from a magazine.

He even bought me tickets straight for the New York scene.

Look at me, baby, look at me.

I am pure f**king bored and rich.

Now I'm gonna be exactly what I wanna be.

Self imposed exile hiding in Paris.

Rock and roll star will always be the thing for me.

Look at me, baby, look at me.

I am pure f**king bored and rich.
