

Format:B, Something Suitable

I've been watching you dance,
for quite a little while now
and I've been watching you watching me
just checkin out my style, yo!
I can feel the coolness
we got between us
from this distance
in this instance
but I can't just go up to you
like all the other fellas do
gonna have to move u over my way
if u wanna keep playin the game we play
we could develop into something beautiful
if you already knew it thats something suitable
