

Forsaken, Betrayal Within Individuals

Thoughts float through my human structure
The destruction of belief reflects in grief
What has become of the creator of individuals
That gave birth to life and commitments
Why reward the mistress of my dreams
With jealousy from my life's broken trust

Broken trusts entangled within - seen darkness
beyond...
...the pride of minds - your grief is for me to behold
Broken trusts entangled within - seen darkness
beyond...
...the pride of minds - your grief is for me to behold

Feeling enclosed by your will of stone
See through me, open this shell to behold
Behold me as your own trust beyond betrayal
Carved as I am in your mind of disbelief
I weep from the misery you won't share
Trust my regrets, burn the logics of thoughts

Betrayal - a virus of individuals
Betrayal - a lockdown within

Disbelief betrayed the connection of minds...
Disbelief betrayed the connection of minds...
Disbelief betrayed the connection of minds...
Disbelief betrayed the connection of minds...

Broken trusts entangled within - seen darkness

...the pride of minds - your grief is for me to behold

Broken and disrupted I fall from known reality
The ground of my strength has perished
Chaos within will see my fall to darkness
It's a grim reality that feeds from the cold
The cold of the blackheart within our souls
Arise my mistress - lead my way to redemption

Betrayal - a virus of individuals
Betrayal - a lockdown within

Disbelief betrayed the connection of minds...
Disbelief betrayed the connection of minds...
Connection of...minds
