

# Fort Minor, 10 Believe Me - Fort Minor & Bobo-St

(chorus)

I guess  
That this is where we've come to  
If you don't want to  
Then you don't have to believe me  
But I won't be there when you go down  
Just so you know now  
You're on your own now believe me

I don't want to be the one to blame  
You like fun and games  
Keep playing em  
I'm just sayin  
Think back then  
We was like one and the same  
On the right track  
But I was on the wrong train  
Just like that  
Now you've got a face to pain  
And the devil's got a fresh new place to play  
In your brain like a maze you can never escape the rain  
Every damn day is the same shade of grey

Hey  
I used have a little bit of a plan  
Used to  
Have a concept of where I stand  
But that concept slipped right out of my hands  
Now I don't really even know who I am  
Yo, what do I have to say  
Maybe I should do what I have to do to break free  
What ever happens to you, we'll see  
But it's not gonna happen to me

(chorus)

I guess  
That this is where we've come to  
If you don't want to  
Then you don't have to believe me  
But I won't be there when you go down  
Just so you know now  
You're on your own now believe me

Back then, I thought you were just like me  
Somebody who could see all the pain I see  
But you proved to me unintentionally  
That you would self-destruct eventually  
Now I'm thinking like the mistake I made doesn't hurt  
But it's not gonna work  
Cause it's really much worse than I thought  
I wished you were something that you were not  
And now this guilt is really all that I got

You turned your back  
And walked away in shame  
All you got is a memory of pain  
Nothing makes sense so you stare at the ground  
I hear your voice in my head when no one's around  
What do I have to say  
Maybe I should do what I have to do to break free  
What ever happens to you, we'll see  
But it's not gonna happen to me

(chorus)

I guess  
That this is where we've come to  
If you don't want to  
Then you don't have to believe me  
But I won't be there when you go down  
Just so you know now  
You're on your own now believe me

(bridge)

(chorus)  
I guess  
That this is where we've come to  
If you don't want to  
Then you don't have to believe me  
But I won't be there when you go down  
Just so you know now  
You're on your own now believe me

Do what i have to do  
You're on your own now believe me

What ever happens to you  
You're on your own now believe me

What do I have to say  
You're on your own now believe me

It's not gonna happen to me  
You're on your own now believe me
