

Fort Minor, Petrified

Yall are not, not, not Ready HO
Not not ready HO
We're gonna drop it steady so
Do it like that
Like that (like that)...

Now why is everybody so petrified?
WHAT?
Petrified?
WHAT?
Step aside.
And just drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON! [x2]

Yeah
How you doin, yall?
My name is Mike.
Im fooling with the new shit
I'm doing it all night
I like what i do
I do what i like
I could quit and get it back like im riding a bike
Like stop...
...bring it back, bring it back

We got that balance keeping us on track
That ya get what ya move and quit, wit no slow
You stare like you dont care
But you do it though

I know
You really must be so lonely
Puffed up, lookin tough, but so phony
You and your boys, you dont know me
You really wanna hold me show me, homie.

Lets get it over with for good
I got a friction addiction i wish you would
Machine Shop rockin when we step inside
And we got everybody so petrified

Now why is everybody so petrified?
WHAT?
Petrified?
WHAT?
Step aside.
And just drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON!

Listen you are not ready
Like children in a building you cant stand steady
It must be the beat so heavy

Coz i panic attacks like a crack in the levy

Give you that Robert Plant
Dancing days are back
Feeling all in the track and in fact
For those knowing the name
I'm back with a brand new attack
Who can do it like that?

You really must be so lonely
Puffed up, lookin tough, but so phony
You and your boys, you dont know me
You really wanna hold me show me, homie.

Tough talk doesnt mean a thing
Get over youself you know when we're up in a scene
Its Machine Shop rockin when we step inside
And we got everybody so petrified

Now why is everybody so petrified?
WHAT?
Petrified?
WHAT?
Step aside.
And just drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON!
