

# Four Star Mary, Fate

time is healing  
i'm ahead  
find a reason once again  
take a moment out of time  
i'll be standing back behind

on a wing  
so out of line  
taken in  
so out of time

all it takes is living  
i want to fly

i've never known fate  
i've never known your name  
i've never known fate

sound the season  
in my head  
i'll be better off ...again  
you'd rather die this evening  
you would never know  
up ahead and far below

on a wing  
so out of line  
taken in  
so out of time

all it takes is living  
i want to fly

i've never known fate  
i've never known your name  
i've never known fate

someone take me home  
get me out of here...
