

Four Star Mary, Pain (Slayer Mix)

Feeling I've been lost for years
You can never understand me
Unless you've seen those tears
But you never get to sleep
When I'm away
I don't mind
The deeper that you lay
Out of time
Pain, I can't sleep
Pain, I can't sleep
Running, running from those days
There's another one inside me
Guess I've gone insane
But you always run away
When I come around
I don't mind
The day I'll track you down
Run you down
Pain, I can't sleep
Pain, I can't sleep
Don't stop, don't talk
Do not fuck with me
Loaded, loaded up this gun
There's a killer in me
Hoping, hope that you're the one
But you always run away
When I come around
I don't mind
The day I'll track you down
And terrify
Pain, I can't sleep
Pain, I can't sleep
Pain, I can't sleep
