

# Four Star Mary, Say It

say it  
say it so i won't waste away  
i've played it  
played it out every game  
wanted  
more than you can show  
say it  
say that you're gone

tell me why  
i can only feel  
you were never  
a thousand limitations  
in my head

i cannot ever say it  
i can't say it now  
i know it's over  
before it began

hated  
hated me so it seems  
wasted  
wasted all of my dreams  
haunted  
haunted what's left of my soul  
say it  
why can't you go

say it  
say it i don't remember  
say it  
say it i don't recall  
laid it  
laid it far from my memory  
say it  
say that you're gone
