

# Fozzy, Frozen

Ohhh

(Chorus)

I've made all frozen,  
It seems to feel much more,  
I've gave you intentionally, (much more)  
I'll make you madly insane, (you'll fear me)  
You've gone and caused me what seems to be more pain,

(Verse 1)

I'll face Death,  
But I'd lie if I say I feel no fear,  
I'll cry but,  
You won't see one Tear,  
It's make believe,  
But I won't stand in grief,

(Chorus)

I've made all frozen,  
It seems to feel much more,  
I've gave you Intentionally, (much more)  
I'll make you madly insane, (you'll fear me)  
You've caused me what seems to be more pain,

(Verse 2)

I'm down now,  
How does it make you feel,  
I'm crying now,  
So how do you now feel,  
To be the best, you have to beat the best,  
You have nothing on me, I'm better than the rest,  
Not now crying, Of the blood that you once Bleed,  
Now I'm,  
Know longer DEAD,  
I'll make you bleed red,  
Until I bleed myself,  
(with crimson and guilt)

(Chorus)

I've made all frozen,  
It seems to feel much more,  
I've gave you Intentionally, (much more)  
I'll make you madly insane, (you'll fear me)  
You've caused me what seems to be more pain,

(Chorus)

I've made all frozen,  
It seems to feel much more,  
I've gave you Intentionally, (much more)  
I'll make you madly insane, (you'll fear me)  
You've caused me what seems to be more pain,

(Verse 3)

If you trust,  
Believe,  
In yourself,  
I'll,

Trust in mine,  
I've lived the life you lead,  
I've bled the blood you had,  
You've lost all,  
To regain,  
Its now or not at all,  
Its not yet my time,  
(to Die)

(Chorus)

I've made all frozen,  
It seems to feel much more,  
I've gave you Intentionally, (much more)  
I'll make you madly insane, (you'll fear me)  
You've caused me what seems to be more pain,

(Chorus)

I've made all frozen,  
It seems to feel much more,  
I've gave you Intentionally, (much more)  
I'll make you madly insane, (you'll fear me)  
You've caused me what seems to be more pain,
