

Fra Lippo Lippi, Upside Down

Ive been spending sometime
Thinking of you and I
Dont know if i could really make it tonight
I wait in the dark come down in a star
Thinking about you is almost breaking my heart

I dont know where i went wrong
Or whats going on
Baby, i feel like a lover tonight
Should i stay, should i go
What i really dont know
Lately i've been missing you so

Baby, you dont understand
Our love lies last girl
Yes still hold in my hand
Oh and then you walk away
Just tonight i wanted to stay

*You turn any hour
You turn me around
You turn my whole world upside down
You Turn any hour
You turn me around
You turn my whole world upside down

Everytime i hurt you
Well its hurting me too
Dont know if i could really stay here tonight
Tired of thinking of you
Never think of you, do
Tell me what am i supposed to do

Well i just wanted to say
That i need you today
Tell me some gonna work at all right
Dont know where i should start
Oh With all of my heart
Baby your love, baby your lover tonight

Baby, you dont understand
Our love lies last girl
Yes still hold in my hand
Oh and then you walk away
Just tonight i wanted to stay

Repeat *

You know, you turn me upside down (x2)

Repeat * until fade
