

# Frank Ocean, Ivy

I thought that I was dreaming  
When you said you loved me  
It started from nothing  
I had no chance to prepare  
I couldn't see you coming  
It started from nothing new  
I could hate you now  
It's quite alright to hate me now  
When we both know that deep down  
The feeling still, deep down, is good

If I could see through walls  
I could see you're faking  
If you could see my thoughts  
You would see our faces  
Safe in my rental like an armored truck back then  
We didn't give a fuck back then  
I ain't a kid no more  
We'll never be those kids again  
We'd drive to Syd's, had the X6 back then. back then  
No matter what I did  
My waves wouldn't dip back then  
Everything sucked back then  
We were friends

I thought that I was dreaming  
When you said you loved me  
It started from nothing  
I had no chance to prepare  
I couldn't see you coming  
It started from nothing new  
I could hate you now  
It's quite alright to hate me now  
When we both know that deep down  
The feeling still, deep down, is good

In the halls of your hotel  
Arm around my shoulder so I could tell  
How much I meant to you  
Meant it sincere back then  
We had time to kill back then  
You ain't a kid no more  
We'll never be those kids again  
It's not the same, [?]  
Don't you remember?  
I broke your heart last week  
You'll probably feel better by the weekend  
Still remember, that you going crazy scream my name  
The feeling deep down is good

I thought that I was dreaming  
When you said you loved me  
It started from nothing  
I had no chance to prepare  
I couldn't see you coming  
It started from nothing new  
I could hate you now  
It's quite alright to hate me now  
When we both know that deep down  
The feeling still, deep down, is good

All the things I didn't mean to say  
I didn't mean to do

There were things you didn't need to say  
Didn't need to, need to
