

# Frank Sinatra, Ain'tcha Ever Coming Back

Ain'tcha ever coming back, aintcha? Can't ya see the difference it makes?  
I'm half myself without your kisses,  
One more night of doing without `em will drive me crazy  
Won'tcha make me smile again, won'tcha? Just a word is all that it takes.  
Your hello will let me know that we're the same as we used to be,  
Oh, ain't cha ever coming back to me?
