

# Frank Sinatra, People Will Say We're In Love

PEE-racticality DEE-oesn't interest me  
Love's the life that I lead  
I've got a pocketful of miracles  
And with a pocketful of miracles  
One little miracle a day is all I need  
TEE-roubles more or less BEE-other me, I guess  
When the sun doesn't shine  
But there's that pocketful of miracles  
And with a pocketful of miracles  
The world's a bright and shiny apple that's mine, all mine  
I hear sleigh bells ringing smack in the middle of May  
I go around like there's snow around  
I feel so good, it's Christmas ev'ry day  
LEE-ife's a carousel FEE-ar as I can tell  
And I'm ridin' for free  
So, if you're down and out of miracles  
I've got a pocketful of miracles  
And there'll be miracles enough for you and me  
(I hear sleigh bells ringing)  
Smack in the middle of May  
I go around like there's snow around  
(I feel so good, it's Christmas ev'ry day)  
LEE-ife's a carousel FEE-ar as I can tell  
And I'm ridin' for free  
(I've got a pocketful of miracles)  
But if I had to pick a miracle  
My fav'rite miracle of all is you and me
