

Frank Sinatra, To Love & Be Loved

To love - and be loved
That's what life's - all about
Keeps the stars - coming out
What makes a sad heart sing - the birds take wing

To love - and be loved
That's what living - is for
Makes me want you the more - the more we cling

Let others race - to the moon
Through time and space - to the moon

My goal is greater than this
To reach your lips - to share your kiss

To stay - in your arms
Is the dream - I pursue
To be sheltered - and safe - from the storm
To be cozy - and ever - so warm

And for always - to love
And be loved - by you
