Frank Sinatra, To Love & Be Loved

To love - and be loved That's what life's - all about Keeps the stars - coming out What makes a sad heart sing - the birds take wing

To love - and be loved That's what living - is for Makes me want you the more - the more we cling

Let others race - to the moon Through time and space - to the moon

My goal is greater than this To reach your lips - to share your kiss

To stay - in your arms Is the dream - I pursue To be sheltered - and safe - from the storm To be cozy - and ever - so warm

And for always - to love And be loved - by you
