

Frank Sinatra, Wait For Me

Wait for me my love my restless heart must roam
Wait for me my love and i'll be coming home.
But now i cant change something strange roars me on
My love cant you see i`m not free `till it`s gone.
Wait for me my love for i am young in dream
and my heart must chase those ripples on the stream.
So keep faith in your heart keep your love ever true
for if you felt like me i`d wait for you.

(Femail Chorous Interlude)

So keep faith in your heart keep ypur love ever true
for if you felt like me i`d wait for you.
