

# Frank Sinatra, You & Me

&lt;intro-strings&gt;

You and me, we wanted it all we wanted it all  
Passion without pain, sunshine without rainy days  
We wanted it always

You and me, we reached for the sky, the limit was high  
Never giving in, certain we could win that prize  
I should have seen it in your eyes

Look how all our dreams came true  
See how I've got me and, baby, you've got you  
Through it all, just one thing died  
A little thing called love, something deep inside

You and me, we're not like the rest, we once were the best  
Back when we were dumb, how did we become so smart

And learn to break each other's heart?

Look how all our dreams came true  
See how I've got me, baby, you've got you  
Through it all, just one thing died  
A little thing called love, something deep inside

You and me, we're not like the rest, we once were the best  
But look what we became, isn't it a cryin' shame  
That we almost made it?

But we wanted it all  
Baby, you and me  
We wanted it all

Mm., mm , mm
