

# Frank, Turn It Up

Turn it up, turn it up  
Feel the knock knock on your lock  
Burn it up, barely stop  
I'm feeling rock n roll

Synth bass solo

## VERSE 1

Gonna swing in time cos' I know that I can  
I said bounce in time like I know that you can  
I put your hand and you put your hand there  
I said play it like a rhyme with a rhythm and yer snare  
Oh, I feel you grind, even your shoes are fine  
Dancing at a way I can feel the beat  
The body shock you're giving me right now  
Wanna find a piece of mind right now

## CHORUS

Don't make me turn it up, turn it up  
I feel the knock knock on your lock  
And when you burn it up, barely stop  
I'm feeling rock n roll  
Don't make me turn it up, turn it up  
I feel the knock knock on your lock  
And when you burn it up, barely stop  
I'm feeling rock n roll

## VERSE 2

I've been running round and round  
Chasing dragons upside down  
Someone knocking on my door  
Won't you please, won't you please just leave me alone?  
Left my head swinging on the top  
Feel the sweat running down my spine  
Dropped my dreams on the sticky floor  
Won't you please, won't you please just leave me alone?  
Don't want the night to stop  
Just give me one more drop, come on  
Gotta bring it back, on the beaten track  
If I'm gonna make it now

## CHORUS

Don't make me turn it up, turn it up  
I feel the knock knock on your lock  
And when you burn it up, barely stop  
I'm feeling rock n roll  
Don't make me turn it up, turn it up  
I feel the knock knock on your lock  
And when you burn it up, barely stop  
I'm feeling rock n roll

## MIDDLE 8

I want a deep down dirty dog  
I want a deep down dirty dog  
I want a deep down dirty dog  
I want a deep down dirty dog  
I've got a secret for you, though you've heard it before  
But I'm having to question what you're insider's for  
You're really getting to me  
I see the look on your face  
Staring in and out of space  
And I feel like this could be the end

Turn it up, turn it up

Feel the knock knock on your lock  
Burn it up, barely stop  
I'm feeling rock n roll  
(Repeat to fade)
