

# Frankie Goes To Hollywood, Rage Hard

Rage! Rage! Rage! Rage!

Rage Hard!

Laugh like the head of Apollo  
Young and strong on the wings of tomorrow  
Rise up in millions get off your knees  
Dispelling the demons  
In the valley of danger  
We all work together, sculptures in sorrow  
With love light to follow, on  
Sweet head of Apollo

Rage hard, into the light  
Rage hard, doing it right, doing it right  
Rage Hard, against the dark  
Rage Hard, make your mark  
Let the tournament begin  
Don't give up and don't give in  
Strength to rise up, strength to win  
Strength to save the wor(l)d from losing

Rage Hard, into the light  
Rage Hard, doing it right  
Rage Hard, against the dark  
Rage Hard

Rage!

Rage Hard

Though blue eyes of children  
They shine without fear  
Hope is the future, with oceans of cheer  
Nothing to fear  
There's nothing to fear  
Though laughter of angels resounding  
From heaven keep fighting the favours  
Of charlatan saviours, charlatan saviours

Rage hard, into the light  
Rage hard, doing it right, doing it right  
Rage Hard, against the dark  
Rage Hard, make your mark  
Let the tournament begin  
Don't give up and don't give in  
Rage hard, into the light  
Rage hard, doing it right  
Rage Hard, against the dark  
Rage Hard, make your mark

I don't know which way to go  
My love's like driven snow  
When we past the test of time  
My love you shall be mine  
And if only, lost and lonely  
Is all that's wrong with me, we' ll be free  
Be free, be free

Laugh like the head of apollo  
Young and strong on the wings of tomorrow  
Rage Hard  
Rage Hard  
Let the tournament begin

Don't give up and don't give in

Rage Hard, into the light  
Rage Hard, doing it right  
Let the tournament begin  
Don't give up and don't give in  
Strength to rise up, strength to win  
Strength to save the wor(l)d from losing
