

Frankie Goes To Hollywood, The Only Star In He

Enjoy it or get out the game
It's such a shame to lose a game
So use your brain and play it sane
It's just a game i another plane

And when I call you on the phone
Then show me that you're really home
Let's share this thing and I will sing
Live life like a diamond ring

I can tell you something, shoop shark
That you oughta know, know
Feel my feeling
Go to let it show show show

*Got to shake you tail
To break away

FISH

Got to shake you tail
To make a wave

SHARK

*(REPEAT)

Get hot

Red hot

**Everybody create
Create your bait
Everybody create
Before it's too late

Live life like a diamond ring
Live life like a diamond ring

And this is how you get there
YEAH YEAH
Love, love

You gotta fan a flame
(FLAME FLAME FIRE)

Called love, love

Space is a place (LET ME OUT)

Space is a place called love, love

Give me a sign
